## The Park

Set on three levels, the park covers some 13 acres with 60 spacious all weather semi-hard standing pitches for your caravan, tent, trailer tent or motorcaravan.

We have a further 5 premier pitches with full services on a section of the park called Heydon's Meadow, which is a Caravan Club Certificated Location.

We have several hardstanding drive-on pitches suitable for motorhomes.

The Park, which has a tranquil rural atmosphere, is mostly sheltered, divided into woody pockets and open areas. It features a delightful wildlife pond, landscaped garden areas and natural wildflower bankings.

## Facilities

The Old Brick Kilns continues to be developed with attention to detail by caravanners for discerning caravanners and campers.

The main building was originally a brick drying shed, now fully converted and modernised, it accommodates all the main facilities of the park. The building which is fully central heated when necessary, has direct access for wheelchairs along firm pathways.

### Service points

Three service points are conveniently sited for water, fire and waste disposal. The areas are converted to provide ample shelter when the weather is not so pleasant; and softly lit, making them particularly suitable for those dark evening and for late arrivals. A Motorhome water filling and waste disposal is available near the Information Centre.
